Noon – 1:30 pm USING SOCIAL MEDIA TO RAISE MONEY, RECRUIT VOLUNTEERS AND SAVE MORE LIVES

Emily Garman

Everything changes frequently in social media, and this seminar covers the latest changes on social networks as well as software and tools that nonprofits need to know about. This seminar will teach you how to harness the tools and concepts of social media to accomplish your goals and help more animals in your program. This session is great for beginners as well as more advanced users because it focuses on strategies and ways to use social media rather than just technical specifics. You'll see what other animal welfare organizations are doing to literally raise thousands of dollars a month using social media and to grow their volunteer and foster bases exponentially. You'll also learn about exclusive, non-publicized tools and resources available only to nonprofits that can make a huge difference in your online effectiveness. You don't have to be a technical guru or a Twitter expert for this session – all you need is an open mind!

1:30 pm – 2:30 pm VEGETARIAN LUNCH, NETWORKING TIME

2:30 pm – 3:45 pm SHELTER MEDICINE 101

Stephanie Janeczko, DVM

This workshop will review some of the common challenges shelters and rescue groups face in preventing infectious diseases and keeping the animals in their care healthy. We'll focus on tips and tools that are critical to improving health and welfare, including optimal animal care practices, strategies to reduce disease transmission, health examinations, vaccination protocols and sanitation procedures. A summary of available resources for further information will be provided as well as some time for Q&A to cover those topics most important to you.

3:45 pm – 5 pm TRAINING SHELTER DOGS

Karen Owens

Animal welfare professionals have a responsibility to provide true quality of life for each dog in their program. This workshop covers the importance of achieving and maintaining quality of life for dogs in shelters. Training, behavior modification programs, and mental, behavioral and emotional stimulation for dogs will be covered. We will explore some fun and easy ways to train adoptable dogs so they can put their best paw forward. Shelter dogs will be used for demonstration.
